## Miss Potter Honored for Service

Recently Miss Viva M. Potter, Agawam Junior High 8th grade English teacher received for her home room a dictionary and stand from the staff of the school newspaper, The Observer. Purchased with the profits of the sale of the newspaper was a Merriam-Webster Dictionary resting on a map-stand. A brass plaque recognizing Miss Potter's service, is mounted on the stand.

Supervised by Miss Potter, The Agawam Junior High Observer is edited and published by one 8th

grade English class. It contains a variety of articles including school news, editorials, and features. ## CHERRY FESTIVAL

This year's Cherry Blossom Festival, scheduled for April 6th, is going to be bigger and better than ever.

In the first place, the big, invitation only, formal Coronation Ball, will be held in the brand new Washington Hilton Hotel.

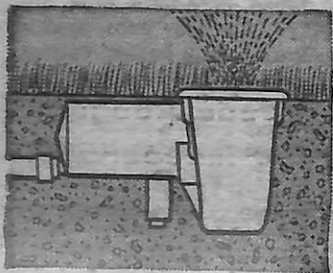

Last year the massed band concert was such a success that it will be held again. There will be more than 5,000 musicians, all members of high school bands, in the concert this year. They will be lined up on the Washington Monument Grounds and will all play the same song at the same time.

The mammoth Parade of Cherry Blossom Princesses will be on Saturday, April 10, beginning at 11 a.m. The route will be from 7th to 17th Street on Constitution Avenue.

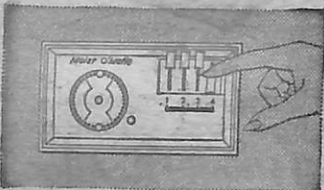

People come in three classes: the few who make things happen, the many who watch things happen, and the overwhelming majority who have little or no idea what happened.

## Creamed Cod On Waffles For Lent

Here's a brand-new, tasty menu idea for a lunch or light supper dish during Lent. Crisp waffles topped with a luscious hot sauce of creamed cod flavored with tart-sweet fresh Florida grapefruit juice. (This could be an unusual brunch or buffet specialty, too.)

Make the waffles from your own favorite recipe or buy them frozen. The sauce is a cinch to prepare; flaked frozen cod and zesty grapefruit juice are added to a simple white sauce flavored with onion and chervil.

This season, Florida grapefruit are somewhat smaller than usual, making them easy to handle for juicing. The juice not only adds bright flavor to this recipe, but you'll find it deliciously refreshing as a breakfast beverage, too.

### Creamed Cod On Waffles

- |                                   |  |
|-----------------------------------|--|
| 6 tablespoons butter or margarine | 1 package (12 ounces) frozen cod (about 2 cups flaked cod) |
| 1/2 cup chopped onion             | 3/4 cup Florida grapefruit juice                           |
| 1/3 cup flour                     | 1/2 cup light cream  |
| 2 cups milk                       | 8 waffles  |
| 1/2 teaspoon salt                 |  |
| 1/4 teaspoon chervil              |  |

Melt butter with onion in heavy saucepan over low heat. Cook about 3 minutes. Slowly add flour; stirring until smooth. Add milk slowly, stirring constantly. Sprinkle in salt and chervil. Cook, stirring, to a simmer. Do not boil. Add cod and grapefruit juice cooking until cod is heated thoroughly. Remove from heat; stir in cream and serve immediately over waffles.

YIELD: 4 to 6 servings (4 cups creamed cod).

### STEP SAVER

The new look in the Paris subway runs to moving sidewalks.

Two 400-foot-long, escalator-type pavements are being installed at the busy Chatelet station on

the right bank where four subway lines converge.

This innovation will permit as many as 10,000 passengers an hour to switch from platform to platform without walking more than a step.

## MAPLE PRODUCTS

Early explorers and settlers in North America learned to make maple sirup and sugar from the Indians who celebrated the "maple moon" or "sugar moon" as the return of spring. Many Indian tribes used maple sirup and sugar as their chief seasoning in baking and cooking.

Maple sirup in sealed containers keeps well at room temperature. After the containers are open, the sirup may mold. If this should happen, you can skim the mold from the sirup and use the rest of the sirup without any danger. Store open containers in the refrigerator.

Town Collector for the Town of Agawam

March 16, 1829—Ohio legislators authorized the first night-school classes in the nation.

At the Board of Directors meeting of the Agawam Lions Club last week, it was voted to spend \$175 for a College Entrance View Deck and Viewer from the Chronicle Guidance Publications of Moravia, N. Y., and donate it to the Guidance Department of the Senior High School and the students who contemplate going to college. 2200 colleges of the nation are classified as to tuition costs, major subjects available, whether public or private, co-educational or not, student registration, and address. It furnishes answers, students or his parents would want to know. It is felt that this unit will be of invaluable help to Messrs. Skolnick and Porter.

The nominating committee with Les Moore, Jr., as chairman, and aided by Bob Watson, Jack Mendes, Bob Schilling, and Henry McGowan, are working on a slate of officers for the new year starting July 1. Their report will be made April 21, and further nominations can be made at that time from the floor. Election will be held May 5, that will also be Charter and Ladies Night at the Springfield Country Club under the direction of Chairman Walter Daubitz.

## The Old Timer

"We can live with our own faults but the faults of others get on our nerves."

## Don't 'Do It Yourself'

Do-It-Yourself can be fun. Then again, it can lead to something approximating disaster. It depends on what your little old self is doing.

Do you like home-style shelf building, dressmaking, painting, paper doll out-cutting? Enjoy, enjoy! On the other hand, does your taste run to amateur medical practice, like diagnosing your own ailments? Better come off it; you might do yourself right into a sick bed that wouldn't be any fun at all.

One kind of do-it-yourself doctoring seems to tempt a lot of people. Cough judging, some call it; others have nicknamed it "bronchial Russian roulette." How is it done? You listen to your own or your friends' coughing and come up with an instant diagnosis. The more nagging or persistent the cough, the readier some people are with an answer.

"Pay it no mind—just a cigarette cough," is one of the more popular refrains. "Frog in my throat," is a runner-up. "The dampness is what does it," is a wide favorite too.

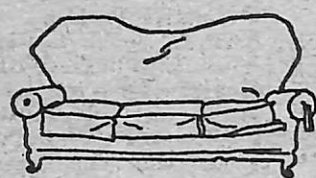

Actually, the people who really

know the score about such matters—those with the letters "M. D." after their names—point out that a persistent cough is one of the last things in the world you can dismiss with a burst of homespun philosophy. A cough that won't go away after three or four weeks, or one that keeps coming back, can be a symptom of RD—Respiratory Disease, which means a disorder of the breathing system. Such disorders can be mild, or they can take the form of a serious disease such as emphysema, lung cancer, or tuberculosis.

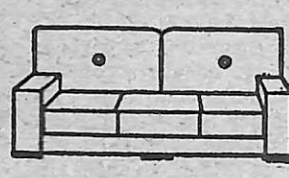

Smoking can certainly contribute to a chronic cough. But that may only mean that it's more, rather than less, serious. If you can't get rid of your cough, save your amateur talents for less important matters and make tracks for your doctor. Some useful hints about Chronic Cough have been published in a free leaflet available from: Hampden County Tuberculosis and Public Health Association, 284 State Street Springfield, Mass.

#### Informative Booklet

Jim Barhydt, public relations head for DuPont lines division sends along the following information. We've just published the enclosed "How to Use DuPont 'Stren' Fluorescent Monofilament Fishing Lines." Greatly expanded since we first printed a fishing booklet in 1958, we believe this is the best yet, thanks to Tom McNally and DuPont's Reg Ellis who gathered and compiled information on virtually every type of fishing.

It will be available free shortly, at most sporting goods stores that sell "Stren" fishing line products. The information in the booklet is invaluable, make sure to ask your sporting goods dealer for the booklet.

#### THE BACK 'FORTY' FOR BASS

Fish the apple orchard? Troll through Wiggins' pasture?

Strange directions, perhaps, but when you learn the language the meaning is quite clear.

References to such spots as the "old pump house" or "Spring Creek Ford" when all that can be seen is a broad expanse of deep water often baffles anglers at man-made lakes. To follow this local advice may require extraordinary perception and sleuthing, plus a pinch of good luck, comment Mercury outboards' fishing sages.

However, they add, if you can solve the riddles and find the suggested locations, rewards are as advertised.

There are several ways to pinpoint former landmarks that have since been inundated:

The most reliable is to persuade a former resident to go along.

Second best, but still recommended, is to visit the local courthouse in hopes of checking out an old county map. From it you can determine the locations of the spring branches, farmsteads, roads and other important features that once dotted the bottomlands.

This information should be transferred to a current chart so that these sites can be located in reference to present shoreline features.

In addition to providing instructions on how to reach the "lower forty," this data is valuable for seeking out new fishing spots. Old foundations, rock piles from tumbled down buildings, abandoned gravel roads, and orchards are preferred fish habitats.

The next time you get such advice as "a mile down the road past the schoolhouse" follow it carefully. It's easy, say the Mercury folks, if you've done your homework in advance.

Watch the eyebrows raise when you reply "... know the exact spot. Right next to the Jenkins' place, isn't it?"

### 'HELLO? IT'S FOR YOU'

Boston

Riders on a Boston bus were startled by a ring from the rear.

As they turned to investigate one of two teen-age boys sitting on a back seat reached into a brief case, pulled out an upright antique telephone, and said: "Hello."

He listened and then, handing the phone to his companion, said, "It's for you."

The passengers were the victims of the latest in teen-age humor. Necessary prop for the stunt is an alarm clock in the brief case along with the telephone.

## TODAY'S AGRI-FACT

Lou Webster tells us that the Boston wholesale market report the other day showed 20 bushels of greenhouse beet greens. They were grown in a beet greenhouse where the grower has set out a crop of tomatoes which will be picked in April, May, June and July. Right now most of the soil is bare and there is time to grow a quick crop of radishes or beet greens between the rows of tomatoes. Those greens are extremely tender, are delicious but not abundant enough to divide among all Massachusetts families.

## SQUARE DANCE

## PROMENADERS

By Al and Elaine Taupier

Last Friday evening club members enjoyed a delicious, very satisfying and enjoyable potluck supper preceding our graduation and St. Patrick's Day Party.

Eight couples; George Bernier and Barbara Thompson, Bob and Dot Budri, Jim and Joy Cummings, Jack and Renee Jury, Fran and Shirley Payeur, Roger and Bea Rioux, Phil and Bette Scoville and Doug and Beryl Shaylor were introduced and presented diplomas and badges by Ken Gardner. The new dancers were welcomed by club members and wished luck in continued dancing.

Ken and Thelma Gardner were

presented Angel badges with a rhinestone inserted, denoting their second year of service in the post of co-chairmen of a new class. Bob and Maddy Dugan also received Angel Badges for their faithful work as co-chairmen of the new class.

The graduating class presented Dick Mastriani, class caller-teacher, and his wife Winnie, with a lovely gift for their home. These new dancers look real good and are certainly ready to keep up with any dancers. Hope they all go along and enjoy dancing for many a year.

This Friday Agawam Promenaders will sponsor the last in a series of advance dance workshops with Dick Mastriani calling. Hope to see many at Robinson Park School to reap the benefits of this dance.

**Banner Achieved!**

**BULLERIN:** Last Saturday evening 10 couples representing Agawam Promenaders met together at "Young at Heart" to enjoy dancing and were awarded a banner—Congratulations!

There are more than 200,000 service stations in the United States, or about one for every 18 miles of roads and streets in the country, figures the ALA.

### On the lawn

WITH LARRY LAWRENCE

You must admit that when it comes to new products, the lawn and garden business is always in there pitching. First we had improved fertilizers. Then dandelion destroyers. Then grub controls. Then crabgrass conquerors.

In case you have been wondering what is coming next, I can tell you. It's something to do all the above — and more. You might say that it does just about everything but cut the grass. It's name is Turf Builder Plus 4. And it's already here.

It gives any lawn a full feeding and at the same time does four extra jobs. It sets up a barrier against crabgrass and other weed grasses, takes care of vining weeds such as chickweed, eliminates dandelions and their ilk, and controls insects and grubs. You put it on with a spreader just like Turf Builder itself.

It can be used this Spring any time until roses have finished first blooming and in all areas except where there is new seeding. It costs more than straight fertilizer but I suspect this won't stop the man who figures that time is money and wants to get his lawn work done "all at one crack."

See your Agawam dealer — LAURIENTE NURSERIES, 464 Main Street.

Hospital will be guests of the Post for an afternoon of bowling at Riverside Park on Sunday, March 21st. Auxiliary women will serve them a corned beef and cabbage supper at the Legion Home and distribute small gifts before the men return to the hospital.

### Regular Meeting

The next regular meeting of the Unit will be held on Monday, April 5th at the Legion Home.

### Junior News

The Junior girls, under the leadership of their Chairman, Mrs. Gladys Belcher, are making things for Monson and preparing for the Junior Conference to be held April 25th. The last two Sundays they have made Easter Baskets and baby sacques for Monson Hospital. Mrs. Belcher has distributed dolls to be dressed in the costume of Costa Rica and scrapbooks to be completed by the girls at home. The profit from the January Smorgasbord helped to purchase supplies for these projects.

## STAMP COLUMN

JOHN F. KENNEDY  
PORTRAIT STAMP

An 11-cent aerogramme bearing a portrait of John F. Kennedy will be issued May 29.

First day ceremonies will be in Boston on the 48th birthday anniversary of the 35th president.

The Kennedy aerogramme will provide worldwide service at low cost.

An aerogramme is a lightweight make-it-yourself envelope. After writing a message on the inside of the sheet, the sender moistens the gummed edge and fashions an envelope.

The aerogramme is becoming increasingly popular and upwards of forty millions are sold annually. Its light weight justified reduced rates. One hundred fifty aerogrammes weigh only one pound.

The 11-cent Kennedy aerogramme will be printed by letter press at the Government Printing Office in blue and red on blue paper. It replaces the current aerogramme that was issued in 1961.

The first day ceremony for the aerogramme comes on the first anniversary of issuance of the Kennedy memorial stamp during which a record-breaking 2,003,096 first day covers were cancelled at Boston.

Collectors desiring first day cancellations for the Kennedy aerogramme may remit eleven cents for each item, addressing requests to "Kennedy Aerogramme, Postmaster, Boston Massachusetts 02109."

### Apple Blossomtime Awaited In West

Wenatchee, Wash. This city, which claims to be the "Apple Capital of the World," begins its annual Apple Blossom festival on April 29 this year.

Millions of blooms create a veritable fairyland of fragrance and beauty for the oldest of Washington State's civic celebrations.

The festival has grown from a local one-day affair to a statewide event drawing participants from many communities and British Columbia.

"Kiss Me, Kate," the musical based on Shakespeare's "Taming of the Shrew," is slated to lead the festivities, and be performed three night at the Liberty Theater.

On Friday, April 30, at 10:30 a.m., 3,500 elementary and junior high school children will march in the annual parade dressed in im-

aginative and humorous costumes. That evening a Queen of Apple Blossom Time will be crowned.

Saturday everyone is up bright and early for the greatest spectacle of all—the Grand Parade. Bands and marching units parade at 10 o'clock. Floats from all over the state and British Columbia compete for awards.

Saturday night the Grand Finale is staged at the Apple Bowl with an outstanding show climaxed by a fireworks spectacular.
